

ONE|TOUCH|ENVIRONMENTS

Time is priceless...

...Live better. Enjoy more. Feel secure. Let technology improve how you live so you have more time to enjoy life. That's why One Touch Environments exists - to connect the dots between how you live and what we can do to remove tedium and add joy.

Since opening our doors in 1998, One Touch Environments has successfully installed and serviced hundreds of projects. We understand that your time is a precious commodity. Let's make the most of every second.

### Breathing creates serenity. So does your peace of mind

We assist your well-being with a smart integration of complimentary technologies, to deter an incident before it happens, grant access and to see and speak with guests. Our systems provide an easy-to-use interface that can be accessed wherever you are.

- ∞ Intrusion detection
- ∞ Smart cameras
- ∞ Keyless entry
- ∞ Gate systems
- ∞ Video doorbells
- ∞ Facial recognition
- ∞ Room monitoring
- ∞ Paging and intercoms

## The world comes to you at your calling

The automated residence is its own web of connected devices that are constantly communicating with each other. A proper connection is a necessity.

We are experts in network design and cabling for your tasks today and for what might come.

- ∞ Enterprise-grade hardware and design
- ∞ Parental controls
- ∞ Layer 3 core switches
- ∞ High-security deployments
- ∞ Superior coverage, impressive wireless speeds

Ambiance.

### Living well, day and night

Light defines your space, it's colors, shapes and textures. Paint with your light. Design your world. We anticipate your mood throughout the day by letting in the sun, or filtering its light with privacy window treatments. As goes light, so changes temperature and humidity. And so, we integrate light, shade, climate and your water environments to be in tune with you.

- ∞ Lighting and interior design
- ∞ Elegant fixtures and controls
- ∞ Preset scenes to match how you live and entertain
- ∞ Sensors turnoff lights in unoccupied rooms
- ∞ Motorized shades and drapes for all windows
- ∞ Bespoke fabric selections
- ∞ Smart thermostats and sensors
- ∞ Water feature, bath, pool and spa control
- ∞ Air and water filtration systems

### To sing, to dance, to luxuriate

A totally immersive experience for you and your guests. Cinema-sized screens and 11-channel surround sound for Media Rooms and Theaters. Hidden speakers and streaming music relax the day in any room of your home. Enjoy crystal clear sound indoors and out, for a party or a relaxing day on the deck. Your music and movie collection can be accessed and played anywhere - you can be in the kitchen listening to music while children enjoy their favorites in another room.

- ∞ Media Rooms and theaters
- ∞ All music, all shows, anywhere
- ∞ Hidden speakers and screens
- ∞ Ultimate 2-channel music rooms
- ∞ Acoustics and room design
- ∞ Indoor and Outdoor
- ∞ Control by voice

### Your wish is your command

A smart environment makes your life simpler, safer and more relaxing and helps regain time to use as you desire. When your home recognizes you, it can then smartly set your desired conditions. Be in control of your home no matter where you are.

- ∞ Unlock or secure all doors, gates and passageways
- ∞ Create room scenes with lighting
- ∞ Adjust climate and water features
- ∞ Your music and shows on command
- ∞ Simplified one-button operation or voice controls

Services.

### System Design & Documentation

Our design team will create a detailed proposal encompassing all aspects of your unique requirements. Our designs consider emerging technologies and ensure that your home is future-proofed and will keep your home's technology relevant for years to come. After acceptance of the proposal, we will provide a set of documents that clearly describes the plan, the work and the specific equipment we will be using to complete your vision.

### Project Management

Throughout the entire project, from design meetings to the finish, a project manager will oversee every aspect of the installation from scheduling, working with your contractor and other trades to assure adherence to the design and quality control. Check with us for our different service packages. We will help you choose the service plan that is right for you and for your system.

### System Installation

A professional team of technicians will bring your design to life. You can rest assured that every cable and device is properly installed, tested and calibrated for the best possible performance.

### Custom Programming

Our approach to programming will leave you with a simple and intuitive system that keeps the complicated functions in the background and an easy-to-use, award-winning interface in the foreground.

### Maintenance Programs

Our maintenance programs keep your systems up-to-date and working well. We can remotely troubleshoot and repair many common issues saving you frustration, a phone call and having to be home for an appointment. In the event that a service call is needed, a qualified service technician will be able to handle any issues that may arise.

Care.

### 24/7/365 support services

The day we complete your installation is the day we start the next phase of our relationship. That is when ONETOUCHCare begins - our remote and on-site support for your system. It's our responsibility to be sure all the bits and pieces that make up your technology solution operates as good today as tomorrow, and for years to come. Our roots come from the entertainment industry and professional recording studios; we treat your home as a respite from the outside world. We take care of system integrations, programming, software, networks, connectivity to your internet service; as well as diagnosis, troubleshooting, monitoring, updates and maintenance. Additionally, we schedule periodic health visits to clean, calibrate, update and run a range of performance checks on your system.
